

GOLDEN RULES OF TRACKING

1 FIX THE DETAILS OF A TRACK IN YOUR MIND!
MEASURE IT.
SKETCH IT.
NOTE ANY PECULIARITIES.

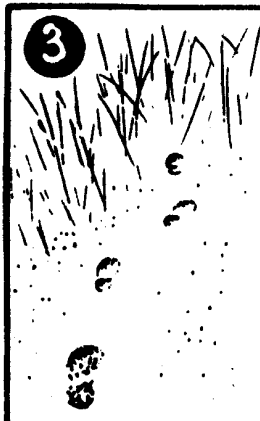

2 ALWAYS TRY AND TRACK INTO THE "EYE" OF THE SUN!

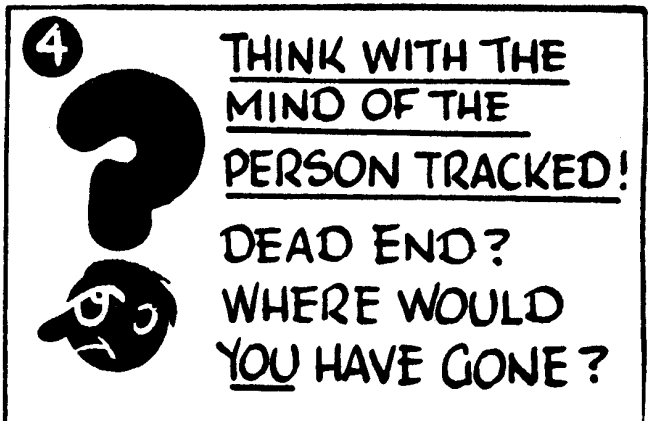

SUN
SHADOWS SHOW UP.

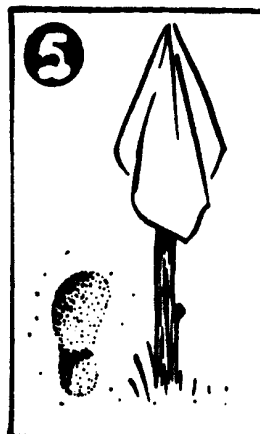

3 LOOK AT TRACKS AS A WHOLE!
LOOK AHEAD.
DON'T KEEP EYES GLUED TO THE GROUND.

4 THINK WITH THE MIND OF THE PERSON TRACKED!
DEAD END?
WHERE WOULD YOU HAVE GONE?

5 IF YOU LOSE TRACK, MARK THE LAST IMPRINT!
THEN SCOUT AROUND THE MARKER.

6 OBSERVE IMPORTANT LANDMARKS AS YOU PROCEED!
THEN YOU WON'T GET LOST. IF YOU DO GET LOST... BACK-TRACK.
